Tokio, April 7.—Imperial army head-
quarters replying today says:

Part of our Kaiyuan force engaged
in driving the enemy, occupied Kuyun-
shu, 3 miles northeast of Mienhuachieh
on the afternoon of April 4.

On the afternoon of April 3, the en-
emy with mounted artillery and ma-
chine guns advanced south from the di-
rection of Tawo, on the Fenghua road,
and on the morning of April 4, opened
a bombardment on Chinchuatun.

Simultaneously a large force of in-
fantry advanced from the vicinity of
the main road, two other columns de-
scending to cover both our flanks. They
approached within 400 meters of our
position, but at 6 o'clock in the evening
we entirely repulsed them.

Our casualties were 27 men wound-
ed. The enemy's loss is uncertain,
but it is estimated at over 200 killed
and wounded.

Korea Congratulates Japan.

Tokio, April 7.—Prince Yichaihak, a
special ambassador bearing the con-
gratulations of the president of Korea
on the success of the Japanese arms
at the battle of Mukden, was granted
an audience by the emperor at noon
today, when he delivered the autograph
letter which he carried. Later on
he took lunch with the emperor, who
will not return his call.

New Domestic Loan Planned.

Tokio, April 7.—It is expected that
one-half of the domestic loan will be
allotted to foreigners whose bids ex-
ceeded the whole issue. At this rate
the treasury is planning a fifth domes-
tic loan of one hundred million yen
(equivalent to \$50,000,000) in May. The
terms of the issue will be similar to
those of the fourth domestic loan.

News from St. Petersburg.

St. Petersburg, April 7.—A dispatch
from the war office from chief of staff
General Harkovitch, dated today, says
that a Russian Korean detachment at-
tacked a force of Japanese infantry
about 5 miles from Kitchijieu (Kilju).
It is stated that the Japanese were dislodged
from two positions and dispersed by
the Russian fire and Cossack attacks.
The dispatch adds that the Japanese
detachments have appeared on the
Sundarian road between Changtufu
and Maikaili on the Russian front.

The admiralty professes ignorance
of the exact whereabouts of Vice Ad-
miral Rojestvensky's squadron, and
no information showing that the
vessels sighted by the steamer
Amora, which arrived at Colombo
yesterday, 350 miles south of
Siam, April 4, belonged to the Rus-
sian squadron. Nevertheless, the be-
liefs prevail in naval circles that the
squadron will go through the straits of
Malacca, but that Admiral Togo's
squadron will not be encountered until
Rojestvensky reaches the eastern
sea.

CONDITIONS IN CZAR'S DOMAIN.

Boys Unable to Stop Bands of the
Plunderers in Southern Russia.

St. Petersburg, April 7.—The news
of the continued peasant uprising in
Baltic provinces, especially in the
Lithuania and country, extremely dis-
tressing. The Cossacks and infantry
being scattered through the coun-
try, the troops are unable to stop
plundering of the estates by the
peasant bands. At Werra,
a regiment of Cossacks fired
a mob, which had been plundering
estates, several were wounded.
The smaller bands drive off cattle

burn barns and fodder and help them-
selves to grain and provisions.

Dispatches from dozens of places
tell of panic produced by the depreda-
tions of roving bands of peasants.

Will Be Tried By Martial Law.

Warsaw, April 7.—All persons par-
ticipating in the disorders will here-
after be tried by martial law. The
new regime commenced yesterday,
when two workmen were thus tried
and condemned to death. One of them
fired a revolver at a policeman and
the other struck a policeman with an
iron bar.

MILLIONAIRE WEDS POOR GIRL

Descendant of Puritans to Marry a
Child of the Ghetto.

New York, April 7.—The wedding of
Judge Phelps Stokes, son of Banker
Anson Phelps-Stokes, and a descendant
of four colonial governors of Mas-
sachusetts and whose engagement has
just been announced to Rose Harriett
Pastor, a child of the Ghetto, will take
place July 16.—It is stated that Miss
Pastor, who lived for some time in
Cleveland where she attracted the at-
tention of a Jewish editor in this city
by a letter to his paper, has returned
for a time to her trade in an East Side
cigar factory in order to live over
again the scenes of her childhood. The
date set for the wedding is Miss Pas-
tor's 27th birthday.

It will be her rebirth, said Mr.
Stokes in discussing his romance. It
will also mark a new epoch in my
life. I will then retire from the uni-
versity settlement, and after our
honeymoon, will return to the East
Side to live. We will devote our
time to missions among the poor. Our
honeymoon will be spent abroad. First
we will go to London and to the dis-
trict. Miss Pastor spent the season of
her childhood. I will visit there her
relatives, especially an uncle, who sev-
eral times took her to his home, al-
though he was bitterly poor, and saved
her from starving.

LOUBET AND EDWARD MEET.

President of France and King of Eng-
land Talk With Each Other.

London, April 7.—King Edward start-
ed today to join Queen Alexandra at
Marble Hill by way of Paris, where he
will meet President Loubet. The Mar-
quis of Salisbury accompanied the
king. Not much attention is being
paid here to the suggestions from
some quarters of the continent that
the king's visit to France may be pre-
liminary to an Anglo-French alliance.
Nevertheless, following as it does on
the active exchange of views between
London and Paris it is expected to
help in some way the international
controversies. Although King Ed-
ward's trip to the Mediterranean was
arranged some time ago no steps were
taken to secure a meeting with M.
Loubet until after Emperor William's
visit to Tangier. The meeting, there-
fore, is accepted here as in some mea-
sure intended to emphasize Anglo-
French solidarity and an answer to the
commentators who represent the Tan-
gier incidents as Germany's retort to
the Anglo-French agreement regarding
Morocco.

NO CURE FOR MENINGITIS.

New Disease Has Baffled the Medical
Science in New York.

New York, April 7.—Experiments
carried out at the Gouverneur's hos-
pital in this city have resulted in the
decision by the medical staff that there
is no hope of establishing a cure for
cerebro-spinal meningitis by the use
of diphtheria anti-toxin.

After trials from Jan. 20 to date it
was found that a death rate of the
year, when the anti-toxin was not
used. Meantime the epidemic con-
tinues its spread.

Between Saturday noon and the
same hours Wednesday there were 41
deaths in Manhattan against 46 in the
four days of the previous week.

Since Saturday noon there have been
seven deaths in the Bronx against four
in the entire week previous.

In Brooklyn the epidemic is on the
decline, temporarily at least. There
have been only ten deaths there since
Saturday. Two deaths were reported
Wednesday in Jersey City.

ROOSEVELT IS GUEST OF LONE STAR STATE

Texans Give The President A
Rousing Reception.

CITIES ARE IN HOLIDAY ATTIRE

Citizens of Waco, Tex., Enjoying Hol-
iday in Honor of Chief Executive,
Austin, the State Capital, Crowded
with People to Meet Him.

Dallas, April 7.—The special train
carrying President Roosevelt and party
left here at 5:30 o'clock this morn-
ing for San Antonio. The president
and members of his party were asleep
when the train pulled out. Stops will
be made at Waco and Austin, where
the president will deliver brief ad-
dresses.

Stop at Waco.

Waco, Tex., April 7.—Amid the thun-
der of cannon, shrieking steam whis-
ties and the buzz of thousands of
people, the special train over the Mis-
souri, Kansas & Texas railroad bear-
ing President Roosevelt rolled into
the station here today at 9 o'clock.
The president was met by a reception
committee of Confederate and Gran-
Army organizations, and was given a
most cordial greeting. The Presi-
dent was escorted to the park ad-
joining the depot where an immense
assembly awaited him. The reception
here was an oration. Hats, handker-
chiefs, umbrellas and what not were
waved by the people. Each person
entering the park bore a small United
States flag and fluttering of thousands
of these patriotic emblems made a
beautiful spectacle.

The park has an area of several
acres and was festooned with the na-
tional colors while at every few feet
large flags waved in the breeze. The
president was introduced by Mayor
James B. Baker, and delivered an ad-
dress.

Just as the president stepped on the
platform the school children of Waco,
led by a band, sang "America."

The entire city was elaborately de-
corated, and all places of business
closed by agreement during the stay
of the president here. Many business
houses and schools were closed.

The president's train made its first
stop of the day at Hillsboro. A large
gathering was at the station, and yield-
ing to the repeated cries for a speech,
the president spoke briefly from the
rear platform of his car. He was given
a cordial reception.

The special left Waco at 9:45 for
Austin, where the president will make
one of the principal speeches of the day.

Gala Day for Austin.

Austin, Tex., April 7.—This city is
in gala attire in honor of President
Roosevelt. The capital is draped in
the national colors and business gen-
erally is suspended. All incoming
trains are running from two to five sec-
tions, bringing thousands of people
from interior towns to join in the
greetings of the nation's chief. Large
crowds from the western range sec-
tions have arrived and one of the nota-
ble features of the day will be an es-
cort of honor composed of those rug-
ged plainsmen.

Both houses of the legislature ad-
journing for the day and the members
will act as a reception committee. The
president's train is due here shortly
after 2 o'clock this afternoon.

Left Son Only \$500 a Year.

Chicago, April 7.—The will of Thom-
as H. Wickes, vice president of the
Pullman company, just filed, leaves to
Hugh P. Walcott, a nephew, nearly
\$200,000. The estate is valued at \$250,
000. Thomas H. Wickes, Jr., of Kan-
sas City, only son of the testator, is
bequeathed an annuity of \$500, which
will cease at his death. The daugh-
ters, Wickes Felt and Florence
Wickes Johnson, will divide the in-
come of \$100,000, less the \$500 annu-
ity bequeathed to their brother.

GROWERS TO REFINE SUGAR.

Planters of Hawaiian Islands Will
Oppose Plans of Trust.

San Francisco, April 7.—The nego-
tiations which have been in progress
for several weeks between Representa-
tives of the various sugar plantations
of the Hawaiian island and the Amer-
ican Sugar Refining company of New
York relative to a contract for the
Hawaiian island's sugar have come to
an abrupt termination, with the result
that the growers of the islands intend
to refine their own sugar in competi-
tion with the trust. The planters
wanted more advantageous terms
based upon the right to deliver any
portion of the product of the island
instead of the existing stipulated con-
ditions under the contract. These be-
ing refused, the planters will act in-
dependently. They will now use the
big Crockett refinery, which they pur-
chased some time ago, in the name of
their organization, the Sugarcacto-
les association of Honolulu.

STORM IN NORTH CAROLINA.

Many Dwellings Demolished—No Lives
Reported as Lost.

Charlotte, N. C., April 7.—News has
reached here of a serious wind and
rain storm covering large sections of
country some 30 to 50 miles north of
Charlotte, in Iredell and Rowan coun-
ties. A special from Mooreville says
that a terrific storm, attaining the pro-
portions of a cyclone, passed over that
section this afternoon. Many dwell-
ing houses were totally destroyed,
while numerous others were unroofed.
So far as known, nobody was killed or
seriously injured. There were a num-
ber hurt to some extent and many
narrow escapes.

At Spencer, N. C., the seat of the
big shops of the Southern railway,
some 30 miles north of Mooreville,
the mercantile store of C. E. Feaster-
man was totally destroyed, at a loss
of about \$5,000. Friendship Method-
ist church, in east Spencer, was con-
siderably damaged. Numerous chim-
neys and outbuildings were blown
down, and it is said that hardly a re-
sidence in the town escaped without
some injury. A little girl barely es-
caped drowning from the deluge of
rain.

MAY SETTLE IN GEORGIA.

South African Boers Will Visit Sever-
al Counties in State.

Savannah, Ga., April 7.—Captain J.
N. Boshoff, and seven other members
of the Boer War spectacle, will leave
for Dodge county, where they will
make further inspection of the great
tract that is offered for a settlement
of Boers. From Dodge county the
party will return here to rejoin the
Boer outfit. After two or three days
the party go to Appling county, to
look at a tract of 65,000 acres that
has been offered the prospective colo-
ny by Alexander Ledger representing
the Akamah Transit company, a
\$2,000,000 eastern corporation, that ex-
pects to build an electric railway from
Reidsville to the Satilla river. They
want this colony to locate along the
line.

Wild Engine Runs Amuck.

Chattanooga, April 7.—A runaway
engine in the local yards of the Nash-
ville, Chattanooga and St. Louis rail-
way yesterday did considerable dam-
age in the union passenger station,
striking the steps leading from the
rear corridor and dragging itself full
length into the hallway of the station.
The engine is demolished. Station
Baggage Agent McDonald was badly
injured. Forty people at lunch in
the cafe, immediately adjoining the
corridor, into which the engine ran
escaped without injury. The engine
was released while in motion by a
negro, who did not understand how to
stop it.

Fugitive Commits Suicide.

Paducah, Ky., April 7.—Henry alias
Charles Hutchins, negro, who shot
Officer W. Baker at Fulton, Ky., last
Monday, committed suicide yesterday by
firing two bullets into his head, at Gil-
bertville, Ky., 25 miles above here,
while a posse was in pursuit. He first
engaged in a battle with the posse, us-
ing all his cartridges except two.

ELECTION DISPUTE RESULTS FATALY

Clash In West Virginia Between
City and County Officers.

FURTHER TROUBLE IS EXPECTED

County Authorities Claim They Had
Supervision Over City Elections.
This Claim Was Disputed by City
Authorities and Pistol Duel Results.

Huntington, W. Va., April 7.—Police-
man Roy Hill was fatally injured and
Deputy Sheriff A. D. Atkins seriously
wounded and W. T. Lilly, a bystander
shot in the shoulder in a pistol duel
between Atkins and several policemen
arising from a dispute over authority
in the city election here today.

Feeling is bitter on both sides and
further trouble may result before the
day is over. The city officials who
are Republicans, appointed 40 special
policemen, while the Democrat county
officials appointed a large number of
deputy sheriffs.

Conflicts between the two sets of of-
ficers were threatened several times,
but the first clash came when police-
man Hill and another officer arrested
two deputies as they were in the act of
arresting a negro wharfed with re-
peating. The deputy sheriffs re-
sisted, and Deputy Atkins came to
their assistance. In the pistol duel
which ensued, some 30 shots were
fired. Atkins and the deputies were
placed under arrest.

The shooting occurred on one of the
most crowded streets of the city, and
hundreds of people were in the imme-
diate vicinity and it is remarkable that
no one except Hill and Atkins, the
principals, and Lilly, who was standing
across the street, were injured.

The windows of the city hall were
riddled with bullets.

STUDENT FOUND UNCONSCIOUS.

Believed To Have Been Assaulted by
College Athletes.

Lexington, April 7.—Early today Wil-
liam G. Peters, of Kansas City, Mo., a
student of Kentucky State college, was
found lying on the sidewalk near the
dormitory of that institution uncon-
scious.

His recovery is doubtful. He was
formerly a member of the staff of the
Kansas City Star, and had come to this
city to complete his education. The
cause of the young man's injuries is
yet unknown, but it is believed he
was assaulted, the trouble growing
out of the rivalry between the college
athletic associations.

Kansas City, April 7.—William G. Pe-
ters is a son of Mason Peters, formerly
representative in congress of the sec-
ond Kansas district, and who resides
in this city. A special to The Star
from Lexington says Peters was as-
saulted by J. F. Wallace, a fellow stu-
dent.

Attempts to Burn Dormitory.

Lexington, Ky., April 7.—Five at-
tempts to burn the Rucker hall, the
greater dormitory of the Georgetown
Kentucky College, the largest Baptist
institution in the south, has just come
to light. Five fires were started up
as many rooms on Saturday and Sun-
day nights, with the apparent intention
of destroying the building. Every
effort to discover the identity of the
incendiary has met with failure. The
college officials believe that the stu-
dents did it and the building is now
being watched night and day.

Illuminating Gas Kills Four.

New York, April 7.—Four persons
were killed by illuminating gas today
in a tenement in the Upper east side.
They were Mary Rogers, 75 years old;
Helen Clark, 13; Kate Clark, 10, and
Isabel H. Clark, 7. Their bodies were
found by the father of the three chil-
dren, Samuel Clark, a truck driver,
who, with his wife and young son, oc-
cupied an adjoining room. When
Clark awoke he smelt gas and tried
to go to the next room, where he found
his three children and the old friend
of the family dead.

THE DAILY GRIND AT TALLAHASSEE

Bills Coming in at a Very Lively
Rate Now.

ALACHUA CO. IN THE HOUSE

The Insanity Bill to be Repealed—A Measure to Regulate the East Coast Railroad Rates—The Brown-Baskin Case Not Yet Settled.

Tallahassee, Fla., April 7.—In the Senate Thursday a bill was introduced by Senator Crill for a geological survey.

Senator Scott: A bill to repeal the present law making incurable insanity ground for divorce.

Senator Crill: A bill to encourage the Florida East Coast Railway to construct its line on southward to Key West. The purpose of the bill is to fix the rates of the road so they cannot be interfered with except by act of the Legislature. This bill will be watched with interest, because if it became a law it would take the power out of the Railroad Commission's hands to reduce rates on the Florida East Coast Railway.

Bills were introduced as follows: To give the Tampa fair \$15,000 annually; to equalize taxes; to punish State, county and municipal officers, except sheriffs, who shall accept free passes; to extend time for completion of Florida Coast Line Canal; city charter for Lake Butler.

Friday's Proceedings.

Tallahassee, April 7.—The Senate was not in session today. The House held a short and uneventful session and adjourned at noon until Monday at 4 p. m.

Senator McCreary yesterday introduced the bill amending existing laws on divorce, in that the time in which a decree pro confesso in non resident cases can be granted only after expiration of a period of twelve months from the time of the published notice. The present time limit is sixty days.

The usual bill for the repeal of the insanity divorce law has been introduced.

Alachua in the House.

Alachua county did not fare especially well yesterday, so far as chairmanships were concerned, in the appointments announced by Speaker Gilchrist. Neither of her representatives was made the chairman of any committee. Mr. Tillman is on the Committees on Appropriations, City and County Organizations, Education and Journal; Mr. Rosborough on Committees on Corporations, Public Lands, Mining and Phosphate and Miscellaneous Legislation. All these committees are important ones.

The resolution adopted in the House this morning appointing a special committee to whom all measures, including appropriations, affecting State institutions, shall be referred, will result in the Committee on Education and Appropriation being shorn of much of their duties. This bill, introduced by Mr. Wall of Putnam, provides that no member from any county in which is located any of the State institutions, shall be a member of this special committee.

The Senate.

The Senate held a very short session yesterday morning and adjourned until 4 p. m. Monday.

Shortly after adjournment the Committee on Privileges and Elections held a meeting and heard statements from Hon. C. M. Brown and Hon. J. G. Baskin, both claiming to be the lawful representative in the Senate for the 20th district, composed of Marion and Sumter counties.

ATLANTIS WAS GOOD.

This Famous Dancer Entertained Appreciative Audience Last Night.

Atlantis, society's famous dancer, was not greeted by as large audience as she deserved last night. While there were several specialties, none were especially worthy of mention save the performing on the ball and the dancing. The other features were intended merely to fill in while the talented lady was preparing her various costumes.

There is no doubt but that Atlantis is one of the best creations when it comes to the art of scenic dancing. She produced three dances, the butterfly, the electrical dance and the fire dance, and these dances were worth the price of admission. This little lady is graceful in the extreme, and the electrical effects are something new and appreciated. The fire dance as

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

performed by her is something marvelous, outclassing anything of the kind ever seen here.

Atlantis will appear again this evening with a complete change of program, and during the evening she will deliver a short lecture descriptive of her trip in the Orient.

DR. KELLEY EXPLAINS.

Prof. Kellum Was Justified in Resigning From Gainesville School.

Editor Sun:—Prof. S. E. McIntosh has recently been appointed principal of the Gainesville Graded and High School, in lieu of Prof. John G. Kellum, who has been elected Chief Clerk of the House of Representatives of Florida.

Believing it possible that some one may think that he should not have severed his connection with the school at this juncture, and perhaps censure him, I take pleasure in stating to the public that Prof. Kellum has acted highly honorable and strictly in accordance with his contract.

When he was tendered the principalship, he stated positively that he would be a candidate for the place to which he has recently been elected, and that he could only accept the appointment on the conditions, and with the exact understanding that his time as principal expire at the end of six months.

The Trustees, School Board and Superintendent of Public Instruction gave their consent, and expected him to teach only the time above specified, which he did faithfully. Respectfully, J. L. KELLEY, Superintendent.

Last Hope Vanished.

When leading physicians said that W. M. Smithart of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed, 50c and \$1.00 bottles at all drug stores. Trial bottle free.

BIG COTTON DEAL.

LaFayette Mathews of Bland Sold 150 Bales to the Brantley Company.

Rumor reached this city Friday of one of the largest cotton deals made in this county recently, when LaFayette Mathews of Bland, one of the largest cotton growers in the State, sold to the Brantley Company of Blackshear, Ga., 150 bales of cotton, aggregating \$8,845. Mr. Mathews sold a few bales of cotton early in the season, but held his principal crop pending better prices. Being one of the most successful farmers in the county, he was not compelled to sell his cotton until he could secure the desired price.

ALACHUA INCORPORATED.

Citizens of That Progressive Town Want to be Up to the Minute.

There was a citizens' mass meeting at Alachua Thursday evening, and it was largely attended.

The meeting was called for the purpose of taking steps toward the incorporation of the town, which is now one of the most important points in the county, and before the meeting adjourned it had been decided to incorporate, and the following officers were nominated:

For mayor, LeRoy N. Pearce; for clerk and treasurer, J. A. Williams; for marshal, C. E. Powell; for aldermen, C. A. Williams, J. Y. Brantley, J. C. Bishop, I. S. Futch, J. R. Williams, W. D. Rives and J. L. Turner. There was no election of collector and assessor.

The meeting was a very enthusiastic one, which is characterized by the people of the thriving town in every movement for the advancement of the community.

LeRoy N. Pearce will have the distinction of being the first mayor of Alachua. He deserves the honor.

Warsaw, April 7.—An extraordinary case of wholesale poisoning has occurred at a cotton mill at Pabianice. Seventy girls in the coloring department were taken suddenly ill and fell to the floor unconscious. Thirty of them were taken to a hospital in a dangerous condition. An investigation showed that the illness of the girls was due to arsenic being sprinkled through the room by unknown miscreants.

MIGANOPY NOTES.

Prator's Mill in Operation—Interesting Lectures—Other News.

Micanopy, April 6.—Rev. Dr. Painton, for thirty-two years a missionary in China, and who is in his native land on a short vacation, delivered two interesting lectures at the Presbyterian church here Sunday. Upon each occasion the Doctor was greeted by a good congregation, and his lectures were impressive and instructive.

D. E. Melton has returned from Savannah and other points in Georgia, where he has been on business.

Mrs. J. A. Simonton and daughter, formerly of Micanopy but now residing in Jacksonville, are on a pleasant visit to relatives and friends here.

J. G. Peace is spending a few days in Jacksonville on business.

A. B. Chitty, formerly a resident of this place, where he was reared, spent Sunday with his parents, Mr. and Mrs. S. O. Chitty, here. Arthur recently purchased an interest in the business of the C. B. VanDeman Company, wholesale grocers, Jacksonville, where he is now holding a lucrative and responsible position. His friends here are glad to see him prosper.

Mrs. Estill Summers of High Springs has returned to her home, after a pleasant visit to her mother, Mrs. J. C. Mathis.

Mrs. E. A. Gray and aunt, Mrs. Thomas, of Atlanta, who is visiting Mrs. Gray, spent Sunday with friends in McIntosh.

Mrs. E. A. Smith of Tacoma was shopping in town one day this week.

The millinery opening of S. H. Benjamin, which was held from March 31st to April 1st, inclusive, was the society event for the ladies of Micanopy, and was largely attended and reported a most successful function; a great many fine hats being disposed of. The opening was held under direction of Miss Margaret Peace, milliner for Mr. Benjamin, who is said to be one of the most stylish and tasty in the county.

J. H. Prator has completed his saw mill, and the same is in operation. The plant has a cutting capacity of 15,000 per day, and will furnish employment to a good force of hands, which will naturally mean a good thing commercially for the town. In addition to his saw mill, Mr. Prator will continue to operate the grist mill and gin.

The movement of vegetables of all kinds from this section is beginning to

be heavy. The country is besieged by transportation and commission men, all anxious for their share of the business. It is estimated that the diversified crop along the Gainesville and Gulf railroad this season will be the largest for several years. Peas and beans and cukes are looking especially fine.

Rev. W. C. Foster of Alachua was a visitor to friends here Wednesday.

The orange growers in this section are especially happy over the condition of their groves, which was never better. The trees are full of bloom, and the prospects are that the crop the coming season will be the largest in the history of this section, not even excepting the big freeze. The trees are in a most healthy and prolific condition.

WANTS TAX RETURNS.

Assessor Colson Complains That Owners Are Too Slow.

County Tax Assessor Willis W. Colson complains that owners of personal and real property throughout the county and in the city are too slow in making their returns, which has greatly inconvenienced him in the past, and is continuing to do so.

"I cannot understand for the life of me why a property owner cannot fill out the blanks furnished him and return them to this office in a reasonable length of time," remarked the assessor Thursday. "I do not attempt to say it is because of the unwillingness of the average taxpayer, but simply because they are negligent and procrastinate from day to day. If they had any idea of the extra trouble they give this office, I am tempted to believe that they would be more prompt."

Assessor Colson states that taxpayers in the city of Gainesville, almost within the shadow of the court house, have the same habit. These property owners are circulating about the street every day, and could easily call at the office and leave a report of their valuations. Instead, however, a great many of them put it off until the last moment, which compels the assessor and his assistant to work long hours unnecessarily.

Assessor Colson specially urges the return of all property, real and personal, not later than the 15th inst., as he will begin the revision of his books at that time. All returns afterward received will cause not only extra work, but may result in misrepresentation and errors through illegibility, as said returns must be interlined.

HEALTH IS YOUTH.

Diseases and Sickness Bring Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health—fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Tex., writes April 3, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I highly recommend it." 50c a bottle. Sold by W. M. Johnson.

BENSONS UP-TO-DATE.

Have Installed a Fine Twenty-Horse Power Motor at Their Factory.

With a desire to be up-to-date in every way, as well as to save time, Benson & Son, the carriage and wagon manufacturers, have installed in their factory a twenty-horse Stanley electric motor, and the power was turned on for the first time Friday. The motor works beautifully, and the proprietors are very much elated over their new possession.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

THE DAILY GRIND AT TALLAHASSEE

Bills Coming in at a Very Lively
Rate Now.

ALACHUA CO. IN THE HOUSE

The Insanity Bill to be Repealed—A Measure to Regulate the East Coast Railroad Rates—The Brown-Baskin Case Not Yet Settled.

Tallahassee, Fla., April 7.—In the Senate Thursday a bill was introduced by Senator Crill for a geological survey.

Senator Scott: A bill to repeal the present law making incurable insanity ground for divorce.

Senator Crill: A bill to encourage the Florida East Coast Railway to construct its line on southward to Key West. The purpose of the bill is to fix the rates of the road so they cannot be interfered with except by act of the Legislature. This bill will be watched with interest, because if it became a law it would take the power out of the Railroad Commission's hands to reduce rates on the Florida East Coast Railway.

Bills were introduced as follows: To give the Tampa fair \$15,000 annually; to equalize taxes; to punish State, county and municipal officers, except sheriffs, who shall accept free passes; to extend time for completion of Florida Coast Line Canal; city charter for Lake Butler.

Friday's Proceedings.

Tallahassee, April 7.—The Senate was not in session today. The House held a short and uneventful session and adjourned at noon until Monday at 4 p. m.

Senator McCreary yesterday introduced the bill amending existing laws on divorce, in that the time in which a decree pro confesso in non resident cases can be granted only after expiration of a period of twelve months from the time of the published notice. The present time limit is sixty days.

The usual bill for the repeal of the insanity divorce law has been introduced.

Alachua in the House.

Alachua county did not fare especially well yesterday, so far as chairmanships were concerned, in the appointments announced by Speaker Gilchrist. Neither of her representatives was made the chairman of any committee. Mr. Tillman is on the Committees on Appropriations, City and County Organizations, Education and Journal; Mr. Rosborough on Committees on Corporations, Public Lands, Mining and Phosphate and Miscellaneous Legislation. All these committees are important ones.

The resolution adopted in the House this morning appointing a special committee to whom all measures, including appropriations, affecting State institutions, shall be referred, will result in the Committee on Education and Appropriation being shorn of much of their duties. This bill, introduced by Mr. Wall of Putnam, provides that no member from any county in which is located any of the State institutions, shall be a member of this special committee.

The Senate.

The Senate held a very short session yesterday morning and adjourned until 4 p. m. Monday.

Shortly after adjournment the Committee on Privileges and Elections held a meeting and heard statements from Hon. C. M. Brown and Hon. J. G. Baskin, both claiming to be the lawful representative in the Senate for the 20th district, composed of Marion and Sumter counties.

ATLANTIS WAS GOOD.

This Famous Dancer Entertained Appreciative Audience Last Night.

Atlantis, society's famous dancer, was not greeted by as large audience as she deserved last night. While there were several specialties, none were especially worthy of mention save the performing on the ball and the dancing. The other features were intended merely to fill in while the talented lady was preparing her various costumes.

There is no doubt but that Atlantis is one of the best creations when it comes to the art of scenic dancing. She produced three dances, the butterfly, the electrical dance and the fire dance, and these dances were worth the price of admission. This little lady is graceful in the extreme, and the electrical effects are something new and appreciated. The fire dance as

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine is cloudy, the flesh, or if, when the child reaches the age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it; the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

performed by her is something marvelous, outclassing anything of the kind ever seen here.

Atlantis will appear again this evening with a complete change of program, and during the evening she will deliver a short lecture descriptive of her trip in the Orient.

DR. KELLEY EXPLAINS.

Prof. Kellum Was Justified in Resigning From Gainesville School.

Editor Sun:—Prof. S. E. McIntosh has recently been appointed principal of the Gainesville Graded and High School, in lieu of Prof. John G. Kellum, who has been elected Chief Clerk of the House of Representatives of Florida.

Believing it possible that some one may think that he should not have severed his connection with the school at this juncture, and perhaps censure him, I take pleasure in stating to the public that Prof. Kellum has acted highly honorable and strictly in accordance with his contract.

When he was tendered the principalship, he stated positively that he would be a candidate for the place to which he has recently been elected, and that he could only accept the appointment on the conditions, and with the exact understanding that his time as principal expire at the end of six months.

The Trustees, School Board and Superintendent of Public Instruction gave their consent, and expected him to teach only the time above specified, which he did faithfully. Respectfully, J. L. KELLEY, Superintendent.

Last Hope Vanished.

When leading physicians said that W. M. Smithart of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed, 50c and \$1.00 bottles at all drug stores. Trial bottle free.

BIG COTTON DEAL.

LaFayette Mathews of Bland Sold 150 Bales to the Brantley Company.

Rumor reached this city Friday of one of the largest cotton deals made in this county recently, when LaFayette Mathews of Bland, one of the largest cotton growers in the State, sold to the Brantley Company of Blackshear, Ga., 150 bales of cotton, aggregating \$8,845. Mr. Mathews sold a few bales of cotton early in the season, but held his principal crop pending better prices. Being one of the most successful farmers in the county, he was not compelled to sell his cotton until he could secure the desired price.

ALACHUA INCORPORATED.

Citizens of That Progressive Town Want to be Up to the Minute.

There was a citizens' mass meeting at Alachua Thursday evening, and it was largely attended.

The meeting was called for the purpose of taking steps toward the incorporation of the town, which is now one of the most important points in the county, and before the meeting adjourned it had been decided to incorporate, and the following officers were nominated:

For mayor, LeRoy N. Pearce; for clerk and treasurer, J. A. Williams; for marshal, C. B. Powell; for aldermen, C. A. Williams, J. Y. Brantley, J. C. Brown, L. S. Futch, J. R. Williams, W. C. Rives and J. L. Turner. There was no election of collector and assessor.

The meeting was a very enthusiastic one, which is characterized by the people of the thriving town in every movement for the advancement of the community.

LeRoy N. Pearce will have the distinction of being the first mayor of Alachua. He deserves the honor.

HEALTH IS YOUTH.

Diseases and Sickness Bring Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health—fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Tex., writes April 3, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I highly recommend it." 50c a bottle. Sold by W. M. Johnson.

SENSONS UP-TO-DATE.

Have Installed a Fine Twenty-Horse Power Motor at Their Factory.

With a desire to be up-to-date in every way, as well as to save time, Benson & Son, the carriage and wagon manufacturers, have installed in their factory a twenty-horse Stanley electric motor, and the power was turned on for the first time Friday. The motor works beautifully, and the proprietors are very much elated over their new possession.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

Nan Patterson and Cassie Chadwick are still furnishing short paragraphs for the city papers.

The Maysville (Kentucky) Register says that editing a newspaper is always "dead easy" to the fellow who isn't doing it.

General Upheaval now has charge of affairs in the Russian capital, and the people are expecting to see more trouble in a few days.

The Tampa people are making a hustle for the Mid-Winter Fair in that city, and a bill has been introduced in the Legislature, asking for an appropriation of \$15,000 for the Fair.

In registering "a kick" against a bill for ribbons for his typewriter, a Kansas county judge was heard to remark: "She is a nice girl, but the county is under no obligation to buy her 'fixins' to dress up with."

There are many ways for spending the cash the State has on hand, and many worthy institutions that need the immediate attention of the Legislature. It would be a good idea to help those deserving ones first, and then if we have money to invest in other ventures, let it be used where it will do the State the most good.

R. C. Dunn, the special correspondent of The Savannah News at Tallahassee, did a bright thing with the message of Gov. Broward. Before it was released to the press he sent it to The News, and it appeared ahead of its time. The press of Florida had the message at the time, but those who compose this body were too gentlemanly to betray a trust reposed in them.

The observance of Decoration Day, April 26, should be made more general than the present arrangements would indicate, and tribute should be paid to the memory of our dead heroes, who sacrificed their lives on their country's altar, and while we are honoring the ones who have laid down their lives, let us not forget the living who gave their husbands, fathers and sons, and now are left without the support of their loved ones.

Judging from what we can hear from reliable men who are in Japan, and those who have recently returned from that country, the report that the Japs do not take good care of their Russian prisoners is without the foundation of fact. One gentleman says he has taken the pains to look up the matter, and says the prisoners have most excellent care. Probably the ground for complaint is that the Japs insist on their keeping clean.

In mentioning the beauties of Gainesville in The Sun of yesterday, it was the purpose to call attention to the flower garden of Miss Tebeau, at her select school on West Main street south. It is a perfect bower of lovely flowers and is admired by all who pass along that street. Roses and other flowers are seen in abundance, which are in evidence of the spirit of bloom and sweetness that pervades the school at this refined institution, as well as pleasant appointments about the place.

PRIMARY RECOMMENDATIONS.

In Gov. Broward's message his primary law recommendations will no doubt attract the careful attention of our legislators. He speaks as follows: "I recommend the primary law to be so amended as to make the calling of primary elections mandatory upon the committee now empowered to call the primary election, instead of optional, as it now is."

"I also recommend that all persons who may be candidates before any primary election in this State be required to file with the committee calling the primary election a sworn itemized statement of all expenses incurred by him in said primary election, and to state therein the source of all contributions to his campaign fund, and fixing a severe penalty for failure to file such statement."

"I further recommend that the law be amended so as to provide severe penalties for:

"Miscounting of votes by inspectors and clerks in all elections; and for

"Bribery and intimidation of voters in any election. And I further recommend that any person accepting a bribe be exempt from punishment, who will inform or testify against the person or persons who bribe or intimidate him in any way."

"I further recommend that a law be enacted requiring the payment by counties of all such expenses of holding primary elections in the same manner as the expenses for holding general elections are now paid."

The primary should be upheld in all its dignity, and if it is worthy and has come to stay, let all stand by it to the letter. Good laws, strictly enforced, make a contented people, as those who cannot live up to them will have a desire to emigrate.

RAILROAD TO KEY WEST.

The Miami Metropolis says that unless indications belie the fact, there will be something doing very shortly in the building of the proposed extension of the Florida East Coast Railway from the main land across and via the keys to Key West.

For some time past reports from the keys were to the effect that the survey work was about finished, but as information covering this venture is very difficult to obtain, but little other than that fact could be announced, and although it is now known that the survey work has been completed there is still nothing authentic about the progress of the work, though the "Outside Board," which knows everything, and usually has it pretty correct, states that the work of building is on the verge of commencement.

UNIFORM TEXT-BOOKS.

The idea of having uniform text-books in the schools of the State is one that will meet with general approval. It is a plan that will ultimately be adopted, if not at the present time. It has been suggested that the price of such text-books should be kept down to the minimum, and not allow the book publishers to rob the people. This can be done with the right men to look after the matter.

Should the measure be passed it has also been intimated that the publishers replace the old books with new ones free of cost. Another plan is for the State to print its own books. The law, however, for uniform text-books seems to be generally favored.

Backache, the First Symptom of Kidney Trouble.

Pe-ru-na Is Invaluable in Such Cases.

Prominent Persons Who Have Been Cured.
Daniel D. Bidwell, Supervisor, Notary Public and a member of I. O. O. F., 160 Pearl street, Buffalo, N. Y., writes:
"Having used Peruna for a short time, I desire to write you as to my present condition.
"When I obtained Peruna I was suffering from chronic indigestion and kidney and bladder trouble. It seemed to help the circulation at once. My digestion is now perfect and my kidneys and bladder do not trouble me in any way. In fact, I give Peruna the entire credit.
"Hoping that your remedy will reach all sufferers in a similar case, and thanking you, I remain,"
Daniel D. Bidwell, N. Y.

Dangerous Kidney Diseases Cured.

At the appearance of the first symptom of kidney trouble, Peruna should be taken.

This remedy strikes at once the very root of the disease.

It at once relieves the catarrhal kidneys of the stagnant blood, and prevents the escape of serum from the blood.

Peruna stimulates the kidneys to excrete from the blood the accumulating poison, and thus prevents the convulsions which are sure to follow if the poisons are allowed to remain.

It gives great vigor to the heart's action and digestive system, both of which are apt to fail rapidly in this disease.

Peruna cures catarrh of the kidneys simply because it cures catarrh wherever located.

There seems to be a longing for a State dispensary in several counties of Florida.

AND DON'T KNOW IT.

South American Cured by Pe-ru-na.

Count Alfonso d'Aljores, of 257 Plaza del Torro, Buenos Ayres, South America, while visiting in Chicago, wrote from 24 Cleveland avenue, that city, as follows:

"I used Peruna a short time ago to build up my system, which was all run down from overwork, worry and a cold which had settled in my back and kidneys, causing me serious annoyance and trouble."

"When I returned home from work at night, I was so exhausted and worn out, together with the pain in my back that I felt I would never be able to take up the burden of life again in the morning, but when morning came I would get out somehow. This dragging through life continued for a couple of months, when I decided I would take Peruna."

"I am glad to state that I found it just the medicine for me. In a couple of months I was restored to perfect health and strength, and my work was no longer a burden. I therefore endorse your medicine as worthy of the confidence of the sick."—Alfonso d'Aljores.

A remedy that cures all the catarrhal derangements of the kidneys should certainly be considered a household necessity. Peruna is such a remedy.

A Prominent Merchant Restored to Health By Pe-ru-na.

Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city, and also a member of the Masonic Order, writes:
"I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised kidney remedies without getting the desired results."

"Peruna is the only remedy which was really of any benefit to me. It seemed to act in perfect harmony with the system, eliminating the poisons, stopping the ravages of the disease and gradually restoring me to health and strength."

We have on file many thousand testimonials like the ones given here. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

BOARD OF TRADE WANTS BRICK YARD

Wants to Develop Wonderful Clay
Lands of County.

DEPOSITS ARE VERY FINE

Clay is of a Quality Which Will
Make the Hardest Brick and Tile, and
Attention of Manufacturers Will be
Drawn to Its Abundance.

Gainesville Board of Trade
has a brick factory, and is working
on it.

The meeting of the Board, held
Wednesday afternoon, this matter was
brought up and thoroughly discussed.
The opinion of members of the
Board who are thoroughly posted that
there are in the vicinity of Gaines-
ville inexhaustible deposits of as fine
clay for brick making as can be found
in the country, and these members did
not see why a brick of superior qual-
ity could not be manufactured, thus
adding to Gainesville another industry
of great commercial importance.

After a thorough discussion of the
matter a committee comprising W.
C. Major, C. O. Pedrick and W. M.
Carter was appointed to investigate
the clay lands adjacent to Gainesville,
ascertain the price at which they could
be purchased, and make report to the
Board at the next meeting.

A brick and tile factory would mean
a great thing for Gainesville. The
material found in this section is
exceptionally adapted for this purpose,
and of a very firm consistency when
properly tempered and burned, and it
is hoped that the efforts of the
Board of Trade to induce the establish-
ment of a factory here will result suc-
cessfully.

The committee is now at work in the
field, and will be in a position to
make an intelligent report at the
next time.

If the Baby is Cutting Teeth

Secure and use that old and well-
known remedy, Mrs. Winslow's Sooth-
ing Syrup, for children teething. It
soothes the child, softens the gums,
cures all pain, cures wind colic and is
the best remedy for diarrhoea. Twen-
ty cents a bottle.

Burned Wife's Grandmother.

Columbus, Ga., April 7.—William
Vaughn, a negro, was convicted in the
Circuit Court, Alabama, court in ses-
sion at Seale, of murder in the first
degree and sentenced to be hanged.
The date of execution has not been
fixed. Vaughn killed and burned his
wife's grandmother because he owed
her money.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Pro-
pogates Dandruff Germs.

There are many men who wear their
hats practically all the time when awake,
and are blessed with a heavy shock of
hair; yet if the scalps of these same men
became infested with dandruff
germs, the parasites would multiply all
the quicker for lack of air. Baldness
would ensue as the final result. New-
man's Herpicide kills these germs and
stimulates unhealthy hair to abundant
growth. Herpicide is a pleasant hair
dressing as well as a dandruff cure and
contains not an atom of injurious sub-
stance. Sold by leading druggists. Send
for stamps for sample to The Herpi-
cide Co., Detroit, Mich.

Seven stages of womanhood

From Altar to Altar

(No. 6. Look for No. 7 next week.)

"Society Has Robbed the Cradle"

said a writer in one of the
leading magazines.

It may be so, but "society,"
meaning a judicious mingling
with the world, is necessary
and beneficial.

Society has its cares and
sometimes, by means of it, with-
out realizing it, a woman's
health is undermined.

Just at the threshold of life
she finds herself suffering from
the diseases peculiar to woman,
and life becomes a burden.

Exposure at the wrong time,
overheated rooms and the gen-
eral wear and tear of society
breaks down the health.

Something Must be Done

G.F.P. Gerstle's Female Panacea

is just what is needed.

Not only does it cure the
diseases peculiar to women, but
it imparts a strength and elas-
ticity to the whole system that
enables it to withstand the strain
of social duties.

Guarantee.

This guarantee authorizes any druggist
to refund the purchase price of a bottle
of G. F. P. (Gerstle's Female Panacea)
to any woman who buys it and is not
benefited by its use.

THREE KILLED BY EXPLOSION.

Which Occurred in Cartridge Factory
Score of Women Injured.

Bridgeport, Conn., April 7.—Three
men were instantly killed by an explo-
sion in the cap drying department of
the Union Metallic Cartridge company
and a score of women more or less
seriously injured. The dead are:
William Bayless, single.
Michael Hurley, single.
John Neary, married.

Miss Nellie Higgins will lose an eye.
William Marr was severely bruised
about the body.

The explosion occurred in a brick
building to which John Neary was the
only man who had access. It was
his duty to carry the loaded caps from
the priming department to the drying
house, where they are left to dry for
two weeks. There were millions of
caps in the drying house. Neary
was the only man in the drying house
at the time. He was blown through
the roof, 20 feet in the air, and was
instantly killed.

Ballard's Horehound Syrup

Immediately relieves hoarse, croupy
cough, oppressed, rattling, rasping and
difficult breathing. Henry C. Stearns,
Druggist, Shullsburg, Wis., writes May
20, 1901: "I have been selling Bal-
lard's Horehound Syrup for two years,
and have never had a preparation that
has given better satisfaction. I notice
that when I sell a bottle they come
back for more. I can honestly recom-
mend it." 25c, 50c, \$1.00. Sold by W.

GENERAL STATE CONVENTION.

Baptist Convention Now in Session
With Mt. Moriah Baptist Church.

The General Baptist State Con-
vention, colored, opened its twenty-fifth
annual meeting in Mt. Moriah Baptist
Church on Thursday, April 6.

At 10 a. m. the president, Rev. J. B.
Hankerson, D. D., called the meeting
to order. Rev. J. A. Davis conducted
the devotions of the morning, and at
the conclusion of these very fervent
devotions Rev. R. S. English and other
distinguished preachers were seated
on the rostrum. After singing, prayer
was offered.

Rev. English preached a masterly
sermon based upon the subject of
unity. The president at the close of
the sermon announced that Rev. H. M.
Fleming would present the address of
welcome. This Rev. Fleming did to
the pleasure of all.

The convention was next honored
with an address of welcome by Rev. J.
M. Deas on behalf of the denomina-
tions of the city. Rev. Deas presented
the address in such an easy and cor-
dial manner until all the messengers
of the convention have decided to feel
at home while here in Gainesville.

On behalf of the societies of the city
quite a warm welcome was given the
convention by Rev. J. Speight.

On behalf of the white Baptist
church, Rev. S. B. Rogers, president
of the Florida Baptist State Con-
vention, extended a very royal welcome
to the messengers.

President Sale of the Atlanta Baptist
College was introduced. He made a
few very interesting remarks.

Rev. D. H. Brown, M. D., in a few
very timely remarks responded to the
addresses of welcome. Some announce-
ments were then made by the presi-
dent, and the benediction was pro-
nounced by Rev. English.

Thursday 2:30 the convention again
assembled. Devotions were conducted
and a number of distinguished visitors
were introduced to the convention.
Then the different associations made a
financial report to the amount of \$156,
and a finance committee was appoint-
ed. Up to this writing the convention
assumes a better aspect than in any
previous session.

The president's message was listened
to with great interest.

A Dandy for Burns.

Dr. Bergin, Penn., Ill., writes: "I
have used Ballard's Snow Liniment;
always recommend it to my friends, as
I am confident there is no better made.
'It is a dandy for burns.' Those who
live on farms are especially liable to
many accidental cuts, burns, bruises,
which heal rapidly when Ballard's
Snow Liniment is applied. It should
always be kept in the house for cases
of emergency." 25c, 50c, \$1.00 bottle.

He will be incapacitated for duty for several days.

Attention is called to the change of advertisement of Sternberger & Phillips, which appears elsewhere in this issue. This firm has recently been established here. It is composed of young men full of energy and ambition, and is bound to succeed, since nothing but best material and first-class workmen are employed. The firm is now offering to paint your house free of charge, using the best materials, and tells you in the advertisement how it is done.

Captain J. S. Neal and J. K. Christian of McIntosh were among the visitors to this city yesterday. They state that the truckers of that section are enjoying fine success, and their products are bringing good prices. Lettuce is the principal movement, and that product is bringing from \$4 to \$4.50 per crate. W. E. McCarty, one of the truckers of that section, has two and one-half acres of lettuce which has been set since the freeze. This acreage will bear about 2,000 crates, the majority of which has been shipped, and has netted an average of \$4.

Rev. George Sale of Atlanta, Ga., president of the Atlanta Baptist College for Colored Youths, is in the city, having been attracted here by the State Baptist Convention, which is being held in Mt. Moriah church. Rev. Sale states that the male college, which was established in 1867, has at present an enrollment of 210, while the female college, entirely separate and established in 1891, has 600 of the colored girls of the South enrolled. The corps of teachers is the best that could be found in the country, with the result that a great deal of good work is being accomplished. These colleges have turned out some of the brightest negro men and women in the United States.

The bazaar and hot supper, which will be held at the opera house under the auspices of the Helping Hands Society of the Presbyterian church Tuesday and Wednesday evenings, promises to be a most enjoyable affair. The ladies will prepare an excellent supper, comprising turkey, chicken, creamed potatoes, rice, salads, ice cream, assorted cakes, tea, coffee, etc., which will be dispensed at reasonable prices, and in addition an assortment of fancy goods will be placed on sale. These articles will be both ornamental and useful, and will be listed at a price within the reach of all. The bazaar will open at 5 o'clock in the afternoon, which will assure all who eat early meals supper at the proper time.

Jesse E. Burtz, compiler of the Gainesville Directory, is progressing nicely in the work, and hopes to have the book before the public by May 10. The work of compiling a directory means a great deal of careful work, and this work is slow in the extreme. It is a trying task, but the compiler hopes to come through with but a few scratches, notwithstanding its many disadvantages (and uncivilized answers in some instances), and when the Gainesville Directory is published some of those who felt inclined to refuse information and the compiler was compelled to rely upon some other source, some may feel sorry that they did not spend "just a minute" in answering the half dozen questions asked. No person but the person refusing the information who are misrepresented in this work will be to blame. The compiler has started this work with a view of giving the city of Gainesville a first-class and accurate directory. It is done without cost to the residents, and it is at least the duty of those of whom he asks information to furnish the same unhesitatingly.

Believed Alabaman Murdered.

Birmingham, Ala., April 7.—A special to the News from Tuscaloosa, Ala., says that A. J. Lindgren, a well known citizen, who has disappeared, is believed to have been robbed and murdered last night near the Warrior river bridge, and his body thrown into the river. His horse and buggy were found near the bridge this morning. Near by was Lindgren's empty pocketbook and coat with four bullet holes in the latter. Evidence of a struggle were to be seen and blood stains leading to the bridge. The police are dragging the river with the hopes of finding the body.

Three Injured in Collision.

Indianapolis, Ind., April 7.—Three persons were injured today in a collision between two engines near the Union station. The injured are Geo. T. Fish, switch train's engineer; O. A. Eminger, fireman, and Edward Collier, a switchman. A runaway freight engine started in the yards of the C. H. & D. railroad at Moorfield, 3 miles from the city and getting under headway, dashed toward the union station. When but a square away it struck a Lake Erie and Western engine, which was waiting for a switch to be turned. Both engines were wrecked.

Children especially are fond of dainties, and the housekeeper must look carefully to their food.

As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised with a pure and perfect baking powder.

Royal Baking Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.

Stevenson, Ala., June 8, 1901.
Dr. E. W. Hall, St. Louis: Dear Sir— I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertisement and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,
W. C. DANIEL.
